

How to activate your account on mit.au.dk

You can activate your account with NemID or activation email. If you do not have NemID or do not know what NemID is, then follow the activation email option "Activate without NemID".

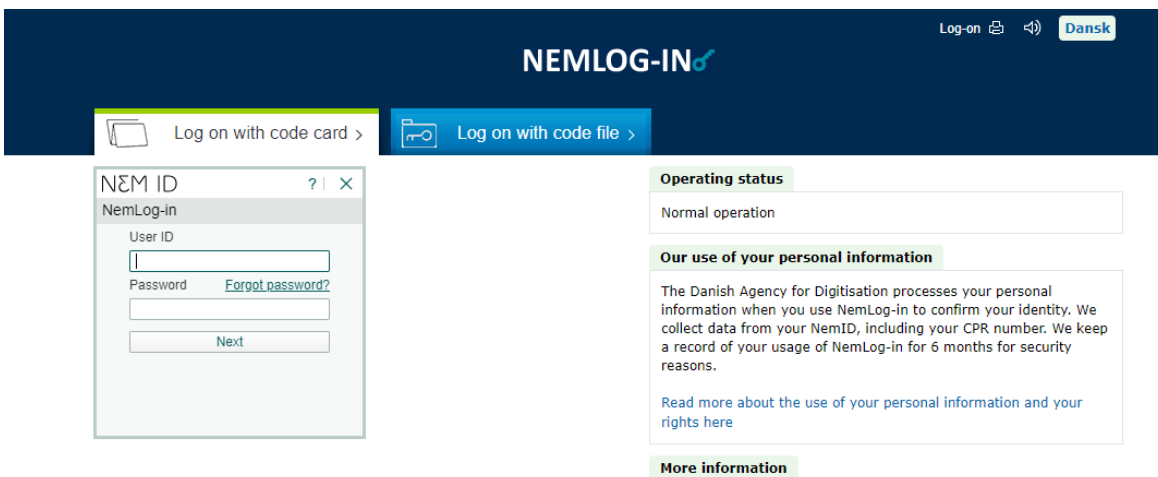

Activate with NemID

1. Follow the link in your letter of receipt from Aarhus Universitet, or go to [Account activation \(applicants for Bachelor's programmes, Masters etc\)](#).

2. Select "NemId login".

3. Log in using NemID.

- Accept sending information to Aarhus University.

Dansk

You are about to log into Mit AU.

The purpose is to provide people currently or potentially affiliated with Aarhus University access to user-friendly self-service.

The information below is required for access to the service.

Click [here](#) for a detailed description of the fields.

First name	<input type="text"/>
Last name	<input type="text"/>
National ID number	<input type="text"/>
The organisation's nickname	Aarhus Universitet
Domain name of the institution	au.dk

If your personal information is not correct you must contact the institution (Aarhus University), where they originate.

- Choose a password and save it.
